CASTLE IN THE AIR

Penthouse in the upcoming Millennium Tower Boston

By HO YUN KUAN

Boston will soon see a new, striking addition to its skyline, when the US\$630-million Millennium Tower Boston is completed. The property has all the makings of a landmark: at 209m, it will be the tallest building in the city. It will serve as the residential wing of the adjacent Burnham Building mixed-use development, a much-anticipated restoration project that will breathe new life into the historic property that dates back to 1912.

For the month of December, Millennium Partners is making the penthouse at Millennium Tower Boston available for purchase exclusively to Robb Report readers. The 1,193sqm apartment takes up the entire 60th floor and has a wraparound 232sqm terrace as well as unblocked 360-degree views of the city. Gift must be purchased by 31 December 2014. Please call +65 6225 4045 or email ultimategiftguide@rm.com.sg for enquiries and to purchase.
